

## KEY VOTE ALERT

### H.R. 2587, the Protecting Jobs from Government Interference Act

July 26, 2011

U.S. House of Representatives  
Washington, DC 20515

Dear Representatives:

On behalf of the American Hotel & Lodging Association (AH&LA) and our 10,000 members nationwide, we would like to urge you to support H.R. 2587, the Protecting Jobs from Government Interference Act.

Although the intent of H.R. 2587 is to correct an action taken by the National Labor Relations Board (NLRB) against a specific company, its passage and enactment is absolutely necessary to protect every American business and worker. If left unchecked and unchallenged, the precedent set by the NLRB will have dire consequences for our economic future.

In a blatant example of overreach, the NLRB is attempting to mandate where and how one company can operate and create new jobs. This is not only a threat to that specific company, it is a direct assault against all workers and our free market economy.

Although H.R. 2587 is directed at one specific action by the NLRB, the action is only one example in a long train of abuses that that agency as well as the U.S. Department of Labor has initiated against American businesses and workers.

The Protecting Jobs from Government Interference Act addresses will reign-in the NLRB and allow business to decide how and where they operate and create jobs.

We urge you to support the consideration and passage of H.R. 2587 and will be key voting this measure.

Sincerely,
